

Learn professional trading from those who know it best.

- Free brokerage credit of ₹5,000 post-attendance
- Free subscription of "I-Gain"
- Free subscription to "Bullet Trade" Brokerage Plan

Professional Trader and Investor Programme

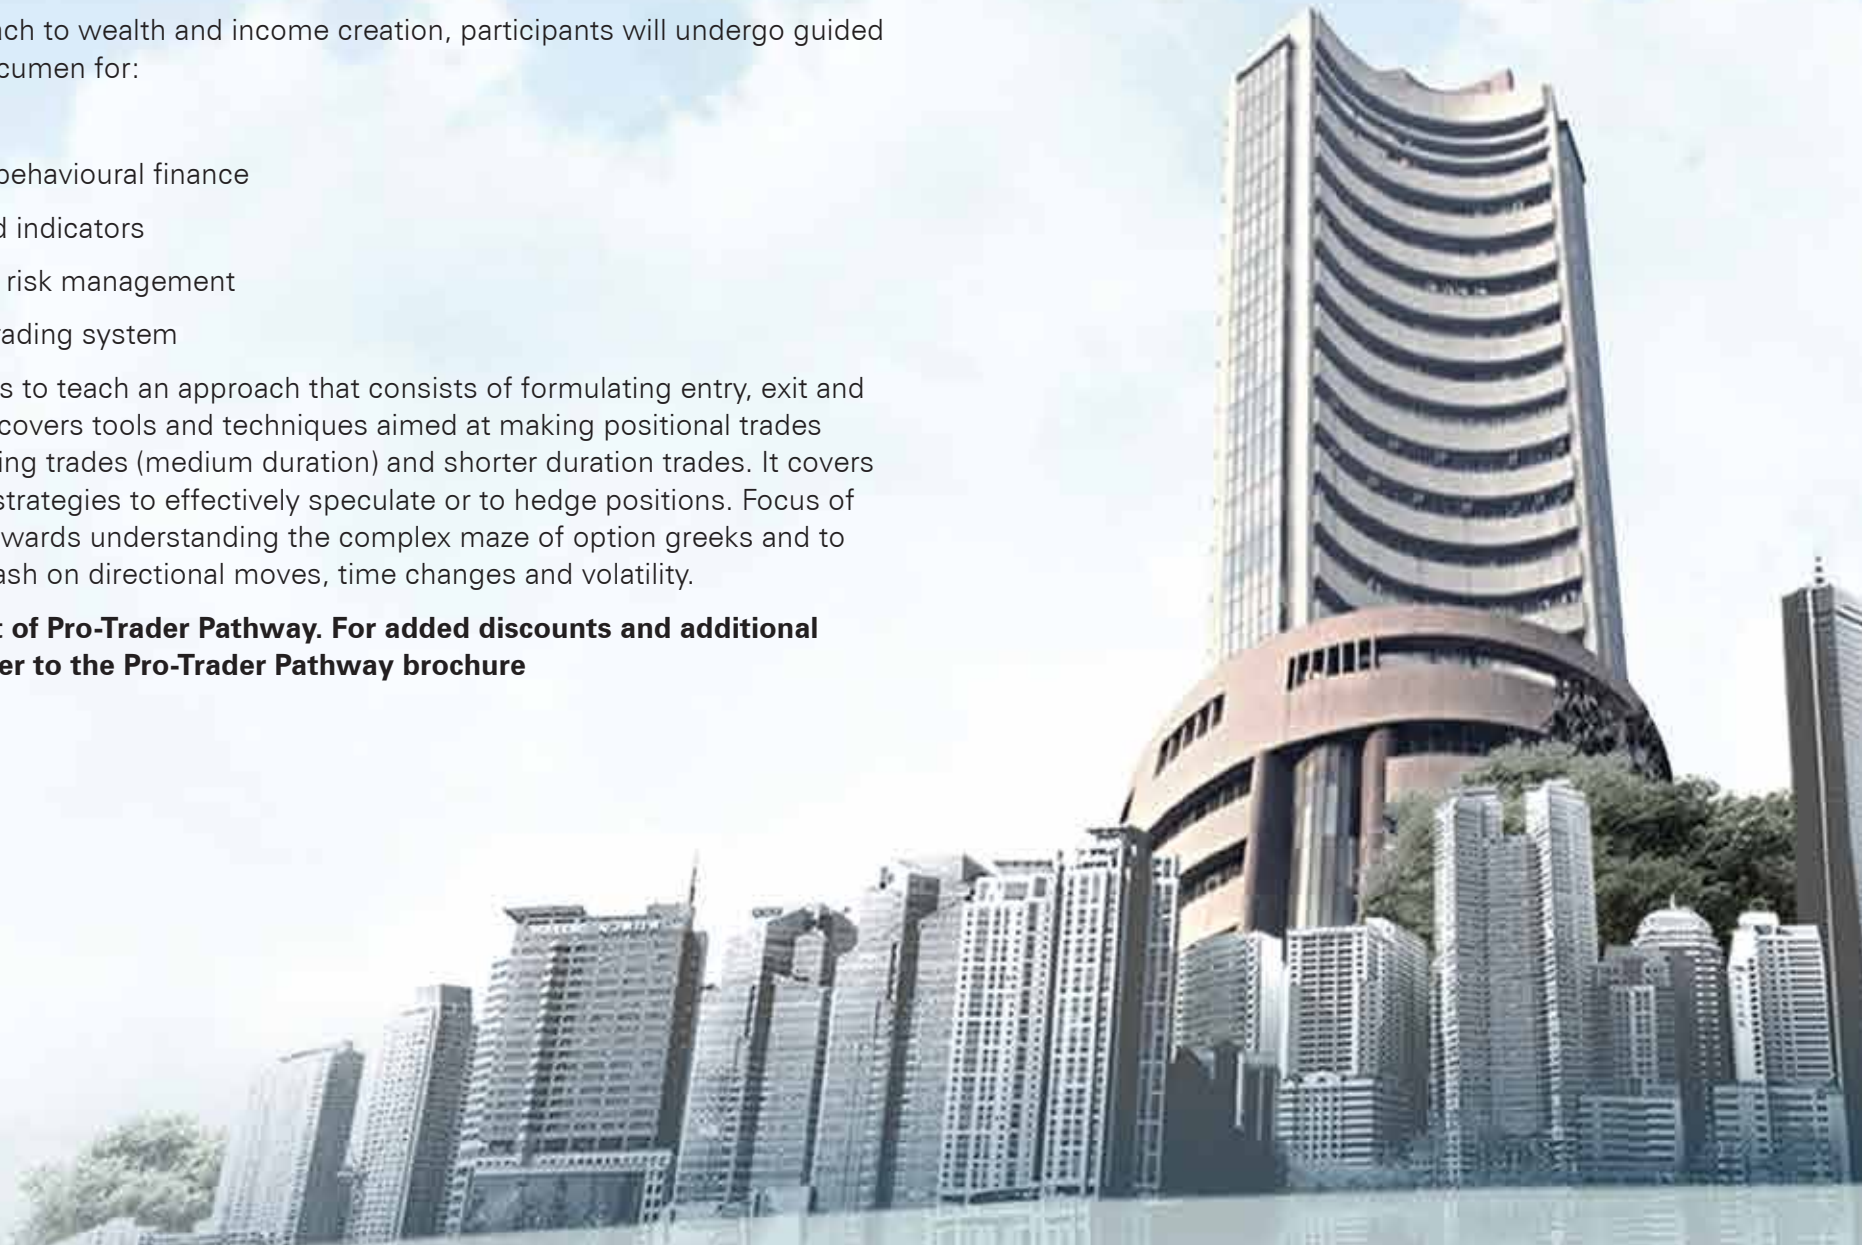

The professional trading fraternity consists of those who follow technicals, have a robust trading system and can control their emotions through discipline. This unique programme helps participants modulate trading behavior, create a trading system and develop live market insights through guided interactions from experts in the field.

In this unique approach to wealth and income creation, participants will undergo guided training to develop acumen for:

- Stock selection
- Understanding of behavioural finance
- Technical tools and indicators
- Hedging tools and risk management
- Trading plan and trading system

This programme aims to teach an approach that consists of formulating entry, exit and risk management. It covers tools and techniques aimed at making positional trades (longer duration), swing trades (medium duration) and shorter duration trades. It covers futures and options strategies to effectively speculate or to hedge positions. Focus of this programme is towards understanding the complex maze of option greeks and to trade options to encash on directional moves, time changes and volatility.

This course is a part of Pro-Trader Pathway. For added discounts and additional offerings, please refer to the Pro-Trader Pathway brochure

Testimonies for our past professional programmes:

Maria Fernandez: I appreciate the efforts made by ICICIdirect to make this programme as educative and knowledgeable as possible. On many aspects, it was an eye-opener and I am sure that I would be able to practice and be profitable over time.

Uday Athavale: The training was very good, the trainer's knowledge was good. Presentation was nice.

Capt. Allwyn Crasto: Knowledgeable faculty and enthusiastic teaching approach.

Duration: 4 days + 1 day bridge session (optional)

Target Segment: People who are aware of basic trading (stock / option) and aware of technicals

Pricing: ₹45,000

Product Offerings

- **Free brokerage credit of ₹5,000** post-attending the programme
- **Free Subscription of "Bullet Trade"** - The customers will not be charged any brokerage for the trades squared off in 5 minutes.

We are delighted to offer you the Bullet Brokerage Plan - a first of its kind in India, where you will not be charged any brokerage for your trades squared off in 5 minutes. Bullet Trade offers you a conducive ecosystem for yourself where you can exit loss making trades quickly and even capitalise on small profitable opportunities.

If your trade is going right, you can ride the same for more profits. With this unique proposition, you can now further benefit with small movement in Nifty or stocks and enter & exit your positions quickly.

This scheme comes with an in-built Stop Loss feature in FuturePLUS with Stop Loss and OptionPLUS products, which helps in disciplined trading and minimising losses.

- **Free Subscription of "I-Gain"** - The I-Gain plan enables you to pay brokerage only when you make profit and in case of non-profitable transactions, no brokerage is charged.

In line with our constant endeavour to provide the best in class products and services, I-Gain plan is a brokerage plan for Nifty contracts in our stop loss based intra-day derivatives products.

I-Gain is a first of its kind 'Pay only in Profit' derivative brokerage scheme in India. It enables you to pay brokerage only when you make profit and no brokerage is charged on transactions where you don't make profits. So, now you need not worry about brokerage on transactions where you are not earning profits.

A large body of empirical research conducted by us over the years across our 3.2 million customers, indicates that retail customers tend to sell winning investments / trading positions while they keep holding on to their loss making investments. I-Gain plan will help you to take a decision to exit such trades at a time you feel appropriate.
